

*Things don't need to be perfect
Remember your group always has your back.
If we can't agree on everything at least agree on something.
We can make a difference now
Exhibition is not always smooth.*

Every child deserves a loving home.
Some of us have been bullied. It hurts.
Migrant children also need rights.
An action to affect the life of a child.
Poverty happens everyday to so many people.

*Things don't need to be perfect
Remember your group always has your back.
If we can't agree on everything at least agree on something.
We can make a difference now
Exhibition is not always smooth.*

Stray animals have rights too, not just humans.
Dogs and cats should be loved and protected.
Bears are ferocious, only when provoked.
Pollution is not only harming us.
It's harming the world around us.

Over fishing is the greatest threat
Everyone should participate
All children must go to school
If we don't help then no one can

*Things don't need to be perfect
Remember your group always has your back.
If we can't agree on everything at least agree on something.
We can make a difference now
Exhibition is not always smooth.*

Taste it..... Don't waste it.
Why can't all the children go to school.
Twenty nine thousand children die a day
Sharks will be extinct in ten years time
Moon bears should be treated just like you.

Chorus
